Education

Indira Gandhi Delhi Technical University for Women (IGDTUW) B.Tech in Information Technology	2025 to 2029
MDM Public School, New Delhi Class XII CBSE: 81%	2025
Army Public School Class X CBSE: 89%	2023

Projects

Article Atlas: AI Knowledge Graph Platform

- Developed a full stack AI platform using FastAPI, React, and Cytoscape.js to extract and visualize structured knowledge from unstructured web data.
- Designed an 8 stage NLP pipeline using spaCy, Sentence Transformers, and Gemini API, incorporating semantic chunking, entity resolution, and graph analytics using NetworkX.
- Achieved end to end processing in approximately 20 seconds per article with an asynchronous architecture and real time graph rendering.

DILKARE: AI Healthcare Platform

- Designed modular user interface workflows to support AI assisted healthcare interactions including triage and telemedicine features.
- Reduced interaction latency by 28% and improved workflow completion rates by 40% through optimized layouts and structured flows.
- Improved task completion efficiency by 25 to 30% by refining dashboard structure and enhancing user navigation.

Technical Skills

Languages: HTML, CSS, JavaScript, Python, R, C, C++ (learning), SQL

Development: Responsive Web Design, DOM Manipulation, AJAX, REST API Integration, WordPress, Drupal

Design: UI and UX Design, Wireframing, Prototyping, Design Systems, Graphic Design

Achievements

- Winner: Hack the Horoscope, Innerve Tech Fest, IGDTUW; secured first place among 300+ participants as an individual.
- Aurathon Ideation Competition 2025: ranked 6th among 400+ teams nationwide.
- Innovortex 3.0 Ideathon 2025: placed in the top 10 among 1500+ participants.
- Xynova Ideathon: selected among the top 30 teams out of 500+ participants.

Positions of Responsibility

ACM IGDTUW <i>Core Team Member: Content Lead</i>	Oct 2025 to Present
--	---------------------

- Led content strategy for technical and community initiatives, producing structured write ups, event documentation, and outreach material.
- Collaborated with design and development teams to ensure clarity, consistency, and effective communication.
